

RESCUE LIST

SURRENDERING YOUR RABBIT

Most small animal rescues are all volunteer run, and many use their own limited resources in helping the animals.

These rescues also need to find foster carers for your animal until it can be placed into a permanent home.

Where possible, owners need to assist in rehoming their animals, as rescues are all struggling to manage the large numbers of animals being surrendered, and a lack of volunteers to help!. This list of rescues is compiled to assist you. Please ask the rescues if you can go onto a wait list if the rescue is full. Where possible you need to care for your pet until it can be placed into a good secure home.
